

2021 Asset Map Report

INTRODUCTION

During the spring of 2021, 113 programs of 55 organizations completed the Aligned Impact Muscatine County and United Way of Muscatine asset map survey. This survey was done as a follow up to the first asset map survey done by the University of Iowa Social Work Department in 2016 and the 2018 survey done by AIM and United Way of Muscatine. To make completing the application easier for organizations, we reduced the number of questions and sent all organizations who completed surveys in 2018 a link to their previous responses that they could easily update. 33 programs of 13 organizations chose to keep their survey responses the same as 2018. Results from this survey will be used by United Way of Muscatine and by AIM's Leadership Council and Strategy Networks.

FINDINGS FROM SURVEY QUESTIONS

Are you a funder? Only 18% of the responses indicated that their program was a funder. Those who were funders indicated priority areas of scholarships, community projects, self-sufficiency, housing, arts, amplification equipment for children, birth-5 years of age, child abuse prevention, education/job training, food for students, intellectual/developmental disabilities, and general assistance.

What geographic area does your program serve? Muscatine County and cities within it are served by the majority of organizations who responded to the survey. Almost half of the organizations also serve Louisa County and about a third serve Cedar County. A few programs also service surrounding counties, Iowa's DHS Eastern Service Region, local school districts, and the state of Iowa.

Which type of service(s) does this program provide? The top five types of services provided by programs were Children's Education, Recreation/Community Involvement, Health Care, Youth Character Development, and Counseling/Therapy/Advocacy.

What age groups does this program serve? The top five age groups served by programs were 9th-12th grade, 6th-8th grade, Kindergarten-5th grade, all ages, and 18-21 years of age.

Number of clients served annually: Responses ranged from two to thousands of clients. The responses were condensed into ranges. The most common response by one-third of programs was 250-499 clients. A few programs do not provide direct services to individuals.

Is this your maximum capacity? Most programs, 84%, indicated that this is not their maximum capacity.

Do you provide specific services to any of the following underrepresented groups? The top underrepresented groups served were low income, persons with disabilities, Hispanic, single parents, and immigrants.

Are there any fees to participate in this program? About a quarter of the programs charge fees for their services.

Does your program serve clients (adults and/or children) with a criminal history? Most programs, 84%, serve clients with a criminal history.

Who are your key community partners that you work with to provide programs/services? In the 2018 survey, 23 of 98 programs (23%) identified that they collaborated with other organizations and other organizations

identified them as a collaborator. This year, 25 of 113 programs (22%) indicated the same. However, 85 programs (75%) indicated that they collaborate with at least one other organization to provide services. This is a 3% increase since the 2018 survey. The top five named organizations were: Muscatine Community School District, MCSA, United Way of Muscatine, Muscatine County Community Services, and Department of Human Services.

From what programs do you most commonly get referrals? More than half of programs (64%) listed organizations from which they receive referrals. This is up 9% from the 2018 survey. The top 5 organizations listed were: Muscatine Community School District, MCSA, Department of Human Services, UnityPoint Clinics, and Muscatine County Community Services.

To what programs do you most commonly give referrals? Just over half of programs (54%) listed organizations that they get referrals from. This is a 7% increase from the 2018 survey. The top 6 organizations listed were: MCSA, Community Action of Eastern Iowa, Department of Human Services, Lutheran Services in Iowa, Muscatine Community YMCA, and United Way of Muscatine. All of the organizations, except MCSA, had the same number of referrals.

DISCUSSION

The results of the asset map survey suggest that referrals between organizations have increased since 2018. Unfortunately, programs identifying their key community partners and other organizations identifying them as collaborators has not increased. This is surprising given the ways that community organization have collaborated more during the covid-19 pandemic and the new collaborations facilitated by AIM.

United Way will use these results as they move forward towards their goal of increasing the number of self-sufficient households in Muscatine County by 20% by 2030. With a strategy focused on education and job training, affordable and sustainable housing, and the most basic households needs, organizational alignment and collaboration will continue to be essential.

AIM will use these results to inform the work of the Leadership Council and Strategy Networks. AIM's goals are:

- Every child enters Kindergarten ready to learn.
- Every child succeeds academically through support in and out of school.
- Every student graduates from high school prepared for post-secondary education or career training.
- Every adult has completed the education and training to obtain a career that can sustain a family.

APPENDIX A: DETAILED TABLES AND TEXT RESPONSES

Are you a funder?

Answer	%	Count
No	82%	89
Yes	18%	20
Total	100%	109

If yes, what are your funding priorities?

- Arts/Culture/Humanities, Education, Environment/Animals, Health, Housing, Human Services, Public/Society Benefit (2)
- Programming that is preventative in keeping youth and families out of the child welfare and/or juvenile justice systems or provide a healthy exit from those two systems.
- Programs and organizations who support and serve children in Muscatine, IA.
- Student activities and student needs
- Self-sufficiency
- Housing activities - Emergency Home Repair, Home Ownership, Capacity Building, Rental
- Budget for operations, help fund USA books for youth that can't afford them, and budget for new equipment
- CIVIC ENGAGEMENT (VOTER REGISTRATION) LATINO OUTREACH AND ADVOCACY YOUTH EDUCATIONAL SCHOLARSHIPS (LULAC Educational Service Center (LNESC)
- WLYDC empowers children through mentoring and scholarship to attain a post-secondary education. We wish to give opportunity to students that will be the first in their family to attend college and provide them with skills they need to succeed.
- To fund programs for Special Olympics and KanDo, which ultimately benefit people with Intellectual and developmental disabilities.
- CPPC funds projects that align with our priorities of community based approach to child protection.

What geographic area does your program serve (check all that apply)?

APPENDIX B PROGRAMS AND DESCRIPTIONS

Name of your organization	Program name:	Short description of program:
Aligned Impact Muscatine County	Aligned Impact Muscatine County	Aligned Impact Muscatine County (AIM) is a cradle-to-career collective impact initiative that partners with over 35 organizations to align community resources and identify effective practices for implementation to reduce achievement gaps and improve outcomes for all students and families.
Bag of Blessings	Bag of Blessings	provide food items to elementary students each week who school personnel feel have food insecurity over the weekends
Big Brothers Big Sisters	Big Brothers Big Sisters	BBBS is a one to one mentoring organization.
Boy Scouts of America	Hoover District, Illowa Council, BSA	Scouting program for boys and girls starting in Kindergarten through age 20.
Child Abuse Council: Mississippi Valley Child Protection Center	Mississippi Valley Child Protection Center	The MVCPC is an accredited Child Advocacy Center providing forensic interviews, advocacy services, medical exams, and education in relation to child abuse.
Child Abuse Council: Mississippi Valley Family Resiliency Program	Mississippi Valley Family Resiliency Program	MVFRP provides services to children who have been exposed to alcohol and/or dangerous substances, to include: comprehensive screenings/assessments/evaluations, comprehensive treatment plans, and family navigation services.
Children & Families of Iowa	Parent Partners	Help families get reunification with their kids that has been removed by DHS by mentoring them through the process.
Community Action of Eastern Iowa	Child and Adult Care Food Program	The CACFP program provides reimbursement to DHS registered or CCA child care home providers for nutritious meals and snacks served to eligible children in their care.
Community Action of Southeast Iowa WIC Program	WIC program	Serving Iowa residents who are pregnant, breastfeeding, or postpartum and infants and children up to 5 years of age. We provide nutritional counseling, breastfeeding support, immunizations, screenings, referrals to other programs and a variety of healthy nutritious foods for your family.
Community Foundation of Greater Muscatine	County Endowment Fund Program.	The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit Program and the County Endowment Fund Program, are implemented through local accredited community foundations (like ours).Created in 2004, the County Endowment Fund (HF2302) program is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this has increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license. Our affiliate, the Community Foundation of Louisa County, receives the same amount as Muscatine County.The County Endowment Fund Program stipulates that the county wide community foundations that participate in the program distribute 75% of the annual allocated funds to charitable projects/programs that impact a broad range of well-being within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.
Community Foundation of Greater Muscatine	Impact Grants - County Endowment Regranting Program	The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit Program and the County Endowment Fund Program, are implemented through local accredited community foundations (like ours).Created in 2004, the County Endowment Fund (HF2302) program is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this has increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license. Our affiliate, the Community Foundation of Louisa County, receives the same amount as Muscatine County. The County Endowment Fund Program stipulates that the county wide community foundations that participate in the program distribute 75% of the annual allocated funds to charitable projects/programs that impact a broad range of well-being within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.
